Orders for Rochester Boxes Should be sent to
ROBERT C. CHASE
HOTEL SENECA
ROCHESTER, NEW YORK

REMEMBER:
We guarantee condition of every Boxed Lot from Cold Storage.
Your planting season is prolonged several weeks by this service.
To the Trade:

This Bulletin covers Boxed lots in cold storage at St. Louis and Boxed Lots in cold storage at Rochester, New York. Our offices in St. Louis and Rochester are now open for the dispatch of business. "Quick action" is the motto of both offices.

A code word is given for each boxed lot, and your orders by wire or letter will get the goods rolling right now—or will reserve for later shipment as desired.

WEIGHT OF BOXES is given so that you can figure on express shipments intelligently.

Do you realize that Cold Storage is a very valuable thing to the Nurseriesmen? These Boxed Lots are kept in a uniform temperature of 33 degrees. It retards the flow of sap and thereby prolongs the planting season for weeks. The landscape planter in Florida even can draw on these Boxed Lots as late as April 15th and receive stock in perfect condition. Bear this in mind if you are now wondering how you can handle all your planting work this spring. Book the order, let us reserve the boxes for shipment after the middle of April if desired.

TERMS and conditions of Sale as per our regular Trade List; cash with order where purchaser's credit is unknown to us.

ORDERS booked in rotation as received.

Always name second choice if possible.

Shipments will be made when desired.

RUSH SERVICE on Boxed Lots is easy; no packing to do, simply grab a box and get it on the express wagon or dray. Henry Chase is in St. Louis and Robert Chase in Rochester to handle the shipping. If possible get your freight orders to us before 3 p. m. for shipment that day. Express orders will go out on night trains, if received by 4:30 p. m.

RECENT BOUQUETS

We all like these "bouquets" and always appreciate them. We are printing this lot because there are a few "Yankees" left who think that because we are located South of the Ohio River we can’t deliver good nursery stock in the North. We are doing it, train loads of it, why not to you?

Indiana, Nov. 26th, 1921.—“Stock received several days ago. All very fine. Packing excellent.”

Massachusetts, Dec. 9th, 1921.—“Please send your list of small shrubs. Do not want many but yours have done so well, wish to try again.”

Massachusetts, May 31st, 1921.—“The goods I received from you were fine. I was afraid to order from Alabama but wish now I had ordered more.”

New York, Jan. 26th, 1922.—“Thought possibly you might be interested in knowing something about how that bulk car of stock came through. It landed here the morning of Jan. 24th. Thermometer was at Zero mark. Didn’t open car until Wednesday afternoon when it warmed up but expected of course to find it frozen, but thanks to your good packing, the stock was not frozen. The above may not be of any particular interest to you but we wanted you to know that we liked the way you packed this car. Thank you.”

New York, Dec. 12th, 1921.—“Possibly you might be interested to know that the car of nursery stock came through in good shape and was unloaded Dec. 9th.”

Connecticut, Dec. 13th, 1921.—“We have checked over your car of stock received some time ago. Will say for your benefit that this is one of the nicest cars we received this fall. It certainly is a pleasure to do business with a high class firm. No reject report to send you.”

New York, Dec. 16th, 1921.—“Car came through in five days. Stock is all right.”

Missouri, Dec. 19th, 1921.—“Will want some young stock. What we got of you did very well, in fact we are selling from them this fall; rather unusual as we generally grow it at least two years.”

Iowa, Dec. 30th, 1921.—“The car of Privet which you shipped us Dec. 3rd arrived in due time and was promptly unloaded but not checked over until this week. This is as fine a lot of Privet as we could possibly wish for and we wish to thank you for the care and attention given in making the grade so uniform and so completely up to the standard under which it was sold. The care exercised in packing this car is also appreciated.”

Iowa, Dec. 10th, 1921.—“The various shipments as per your invoices Nov. 21st, 22nd and 24th received in good condition and all satisfactory. There is a lot of satisfaction in doing business with a good firm. It is surprising how few firms we find that send out stock that is properly graded and first class in every respect.”

Nebraska, Feb. 17th, 1922.—“We received a shipment of very nice stock from the Chase Nursery Co. We assure you that we appreciate this good stock.”

Ohio, Dec. 15th, 1921.—“Your car received a short time ago and it was one of the best packed cars we received this fall, and good stock.”

New York, Nov. 29th, 1921.—“We have just completed grading the car you shipped us recently and find that everything is in good condition. Some few rejections but enough overages to offset them. Are satisfied to call it an even-up proposition.”

Illinois, Dec. 4th, 1921.—“Enclosed find check for $148.85 to balance account. The box of Pear trees was three weeks on the road. They have been delivered and customers were well pleased.”

Ohio, Dec. 21st, 1921.—“Received the Rhus Aromatica last week. They are very satisfactory, 15-18 in. grade and all.”

We can also supply a good lot of Abelia Grandiflora in all grades and at prices shown in regular Trade List. If you have misplaced our Trade List ask for another copy.

Some varieties and grades are running low and in making up your late Spring orders tell us if we may substitute if necessary.

Yours very truly,

Chase Nursery Company
